

# Restuarant Reviews

**Group 6**

Makes us feel good

# What We did?

We focused more on understanding and implementing the basic solana workflow and understand

We did a small Web page to write review for a Restuarant.

# Backend

- Solana Integration(Devnet)
- Basic Native Rust(Not used Anchor)

# Frontend

- NextJS

# Deployment

- devnet - SmartContract/Solana Playground
- local - frontend

# Smart Contract Features

- Add Review
- Update Review
- Connect to Wallet
